

IDESG Deliverables Dashboard
06/25/2015
Accompanying Narrative

From IDESG Framework Management Office, OASIS
Latest version: http://idecosystem.org/filedepot_download/1817/1686

This textual summary of highlights is provided to accompany our “dashboard” spreadsheet(s), which report status data on current IDESG projects relevant to the Identity Ecosystem Framework. Links to related documents may be found in the “full” dashboard spreadsheet, which also lists inactive and completed projects. Current and historical “full” dashboard files are available in the IDESG document repository, under the "Framework Management Office – IDESG Dashboard" folder (<https://www.idecosystem.org/filedepot/folder/169>).

Our information is only as good as reporting and visibility permits, so corrections and suggestions always are welcome. We meet regularly with the IDESG Committee Chairs group to solicit additional status data.

NOTE: **Red text** in the dashboard spreadsheets indicates a change since the previous version.

1. The FMO has worked intensively with the source committees (Privacy, Security, Standards, and User Experience) to refine a harmonized set of IDEF "baseline" functional requirements. This set of requirements will provide the principal content for the IDESG's planned self-assessment tool to be launched in 3rd Quarter 2015. (This is task TFTM04 as listed on the Dashboard grid, supported by SME-04-TFTM.)
2. Working with guidance from the TFTM committee, FMO staff (SME-05-TFTM) have drafted rules, tool frameworks and the support structure needed to support an IDESG Self-Assessment Listing Service (SALS) program for identity ecosystem participants, for the next 2 months. (TFTM09, USER05). The dashboard now tracks 23 separate deliverables under TFTM09. TFTM members are developing several SALS-related deliverables, including a user guide for the SALS (TFTM12) and a report on the value proposition of a trustmark program (TFTM13, 13A, 13B).
3. The Standards Coordination Committee (SCC) is continuing to evaluate identity-related standards (with staff support under SME-02-STDS) as potential additions to the IDESG Standards Registry. Two evaluations, for NIST SP 800-37 and NIST SP 800-53, have been approved by the SCC for presentation to the Plenary on June 25. We are now tracking individual standards nominated under the Standards Approval Policy (SAP). (STDS09-A, -B, -C, etc.).

4. We continue to encourage you to add additional standards and specifications that are relevant to identity ecosystems to the growing IDESG Standards Inventory (see <https://www.idecosystem.org/wiki/Category:Standards>). IDESG publishes this list to the community as an open, non-evaluative series of pointers to possibly-relevant work.

5. Additional FMO staff work items recently have been proposed by the Privacy and User Experience committees, which we expect will be finalized and approved in early July.

6. Note that the full range of information for each deliverable, including links to related documents, is to be found in the “full” spreadsheet (by date under <https://www.idecosystem.org/filedepot/folder/169>), and may not be reflected in the “simple” spreadsheet below.

IDESG DELIVERABLES DASHBOARD 06/25/15 Public Release			Note: Active deliverable	Green = complete, Gold - underway, Red = late, White = not started											
			Note: Only substantive	STATUS:							DEPENDENCIES				
Index number	Deliverable	D=Document A=Action	Committee	Committee approval	Privacy Comm review	Mgmt Council review	Plenary approval	Next milestone & date	Expected Plenary action	STAFF assistance	This is dependent on:	This is needed to produce:	Comments	Last status update:	Editor or contact person
PRIV03	Improve clarity and usability of some worksheets in PEM v2.0	A,D	Privacy					staffing task order - TBD	N/A	SME-03-PRIV - proposed				5/1/2015	Jenn Behrens
PRIV04	Maintenance of IDEF Rqts - Privacy	D	Privacy	O					N/A			TFTM04, TFTM11	current focus - supplemental material; reqt. Vs. best practice	6/25/2015	Jenn Behrens
SECU01	Security Requirements Assessment Guide	D	Security						N/A			TFTM12 (?)	coordinate with TFTM12	5/15/2015	Mary Ellen Condin
